

# MANAGED DETECTION AND RESPONSE

24/7/365 threat detection and response, curated by the highest quality Security Analysts in the industry.

## TIER **NONE** ANALYSIS.

What truly sets Quadrant apart from the pack is our **people + product** approach, delivering the most effective protection of customer environments, staffed by US-based analysts who undergo rigorous training and certification. Unlike most MDR providers, we never deploy a "Tiered Analyst" approach, ensuring a seamless security analysis from monitoring-to-mitigation with the same expert SOC Analyst, cradle to grave.

Quadrant deploys its Sagan technologies, along with the 24/7/365 monitoring, alerting, reporting, and overall management, to deliver a high-touch, responsive managed service you can always count on.

### Meet Sagan: Serious Security Analytics Horsepower

Sagan is our proprietary, purpose-built security analytics platform, wrapping SIEM, IDS, and Managed Response into one solution. Sagan provides customers:

- ✓ 24/7/365 Monitoring & Validation
- ✓ Alert Triage & Prioritization
- ✓ Log & Network Analysis
- ✓ Custom Reporting & Security Reviews
- ✓ On-going Tuning & Management
- ✓ Available for On-Prem & Cloud

#### MONITORING

We monitor both network traffic at the packet level and system logs, alerting when suspicious activity is detected.

#### ANALYSIS

Each alert is immediately triaged and categorized, with potentially critical items investigated by SOC Analyst.

#### ALERTING

When a threat is deemed authentic, client leadership is notified and provided with all relevant info to begin remediation.

#### RESPONSE

Quadrant guides the customer team to perform next steps to respond and eliminate the identified threat.

# TUNED BY TECH. POWERED BY **PEOPLE.**

Quadrant leverages industry-leading systems and technology, operated by seasoned security analysts around the clock. We differentiate by being **best** at the “R” in MDR - response is where we excel beyond the pack. Significantly improve mean time to remediate by eliminating internal escalation and hand-off, achieved via Sagan, powered by a flat analyst org in our SOC.

## WHY QUADRANT?

- ✓ **BOUTIQUE PROVIDER, BIG MUSCLE FEEL**  
Top technology and people, but our SOC picks up the phone on the first ring.
- ✓ **HIGH-TOUCH, RESPONSIVE SOC**  
White-glove service, as well as IR capabilities, guiding the customer towards resolution.
- ✓ **CUSTOMIZED REPORTING**  
Generating actionable insights consumable by IT leaders, executives, and the board.
- ✓ **SIMPLE, TRANSPARENT PRICING**  
All-in-one, zero surprise, fixed contract terms -- because we own our own technology.
- ✓ **REAL-TIME INCIDENT RESPONSE**  
Response is where we excel. We never lob alerts over the fence for clients to deal with.
- ✓ **EASE OF INTEGRATIONS**  
If we don't have an existing integration for tech you use, our team will write one.

Operating at the intersection of People and Product, Quadrant provides the best security technology and talent in a single solution.
