

# CYBERSECURITY FOR PRIVATE EQUITY

YOUR ALLY IN SECURE ACQUISITION

## ILLUMINATE RISKS TO **ELIMINATE** SURPRISES.

Your target acquisition could possibly be a target of another kind: *cyber attackers*, who take aim at Private Equity under the assumption they'll pay to make the problem go away. We align with your goals to provide insights you need, when you need them. From pre-close diligence and cyber advisory, to creating and implementing your roadmap for add-on acquisition, to securing you for exit.

Quadrant vets your potential investments cyber posture through proven compliance frameworks and controls, using skilled analysts, assessments, and penetration testing to help you understand the level of risk in play and how vulnerable their systems may or may not be.

### QUADRANT AT-A-GLANCE

- Founded in 2011
- HQ and SOC: Jacksonville, FL
- Offices and Ops: NY, DC, SF, LA, MIA
- Customers: National Footprint
- Vertical Specialization: Healthcare, FinServ, PE, Biz Services, Industrial, Logistics, Legal

### MANAGED DETECTION & RESPONSE

Our Sagan MDR Solution offers 24/7/365 cybersecurity monitoring. We ingest data from endpoints, network and cloud environment, and highly trained security analysts investigate and respond to alerts around the clock.

#### Cyber Diligence

An overview of security posture, focused on "red flags" that require swift attention.

#### Cyber Assessments

Highlight gaps in security maturity with prioritized remediation recommendations.

#### Roadmap Remediation

Implement best practices and improve security posture to reduce risk to each Port-Co.

#### 24/7/365 Cybersecurity

Keep your investment secure with 24/7 monitoring, threat detection, and response.

**CROSS-PORTFOLIO ADVISORY: PORTFOLIO-WIDE VULNERABILITY ASSESSMENT**

**Portfolio Cybersecurity Benchmarking**

Using a light-touch, survey-based approach, combined with a proprietary package of tools, technologies, and processes, we provide a security posture and cyber risk score for each company, comparing the companies across the portfolio to help you prioritize IT and cyber investments across the entire portfolio.

**Portfolio Cybersecurity Deep Dive**

Our team of cybersecurity experts will work with the IT teams of your various portfolio companies to conduct vigorous vulnerability and security posture assessments for each selected company, compare risks across portfolios, and help you prioritize cybersecurity investments, identifying opportunities for cost-savings via bundling.

**CYBER INSURANCE: MADE EASY**

**Our Partner: Cysurance**

Quadrant has undergone rigorous vetting and received exclusive approval to provide our customers with up to \$1M in warranty coverage against losses resulting from cyber events.

- Available exclusively to Quadrant customers due to our rigorous security processes and protocols.
- Up to \$1M warranty against losses due to cyber events with the option to purchase additional coverage.
- No application. No underwriting.
- Zero deductible.
- Can be deployed as primary or supplemental / excess policy.

Operating at the intersection of People and Product, Quadrant provides the best security technology and talent in a single solution.
